The screenshot shows the AZENTIO ONEBanking interface. On the left is a blue sidebar with a search bar and a menu containing Dashboard, Configurations, Transactions, and Reports. The main content area has a top navigation bar with tabs: Prev, Application Info, Customer details, Additional Customer Info (selected), Customer Financials, Facility Info, Document Details, and Next. Below the tabs is a section titled 'Customer Identification' with a back arrow. The main area contains a grid of input fields for customer information. At the bottom, there is a section titled 'Address Details' with more input fields. The top right of the interface shows user profile information and language/region selectors.

This screenshot shows the same AZENTIO ONEBanking interface as the first one, but with the 'Additional Customer Info' tab selected. The top navigation bar now includes input fields for 'Application ID:', 'Applicant Name:', and 'Customer ID:'. The 'Customer Identification' section is still present, but the main area is dominated by the form fields for the selected tab. The sidebar and top navigation tabs remain the same.
