The screenshot shows the AZENTIO ONE Banking application interface with the 'List Of Scheme' screen displayed. The top header is identical to the previous screenshot. The left sidebar is also identical. The main content area shows a table with the following columns: Action, Description, Product Type, Product Subtype, and Status. The table contains five rows of data. The first row has a status of 'In-active'. The other four rows have a status of 'X'. At the bottom of the table, it says 'Showing 1 to 5 of 336 entries' and there is a pagination control showing '1' as the current page.
