(F) Check the functionality of project
master

The screenshot displays the AZENTIO ONE Banking application interface. The top navigation bar includes the date (31-Dec-2023), a search icon, and language/region settings (Engl..., LOS, Aze...). The left sidebar menu lists various modules: Dashboard, Configurations (Bounce Master, Covenant Master, Allocation Master, Allocation Details, Risk Rating Master, Insurance Master, UnderwriterOffsetControl, digitaldocumentmaster, Deposit Account Master, Risk Type Master, Project Master), Transactions, and Reports. The main content area is divided into sections: Building Details and Unit Details. The Unit Details section shows a table with columns: Action, Build_Id, Tower No, Tower Name, Type Of Unit, and Status. Three rows are visible, each with an 'Active' status. The bottom of the page indicates 'Showing 1 to 3 of 3 entries'.

(Step) AFTER_STEP - stepdefinitions.
HooksClass.addScreenshot(io.cucumber.
java.Scenario)

(S) To verify parameter list view record
should get opened with non editable

(F) Check the functionality of project
master

This screenshot is identical to the one above, showing the AZENTIO ONE Banking application interface. It features the same top navigation bar, left sidebar menu, and main content area with Building and Unit details sections. The Unit Details table shows three 'Active' records, and the bottom status bar indicates 'Showing 1 to 3 of 3 entries'.
