The screenshot shows the AZENTIO ONE Banking interface. On the left is a blue sidebar with a search bar and a menu including Dashboard, Configurations, Collateral, Warehouse Master, Collateral sub type, LO Module Waiver, Collateral type, Fee master, Asset Auto Master, Charge master, Asset CD Master, Appropriation master, Transactions, and Reports. The main area is titled 'Warehouse Master' and contains a table with columns: Action, Description, Address, Country, State, City, Zip Code, Phone 1, Fax, E-mail, Contact Person, and Status. The table lists five records, all with 'Active' status. Above the table is a search bar with the text 'SBI\_DESC' and an 'Export' button. Below the table, it says 'Showing 1 to 5 of 12 entries' with pagination controls (1, 2, 3, 5).

This screenshot is similar to the one above but includes a search filter. The search bar now contains 'SBI\_DESC' with a clear button (X) and a dropdown arrow. The table data remains the same. The pagination controls at the bottom show 'Showing 1 to 5 of 12 entries' with navigation arrows and page numbers (1, 2, 3, 5).
