The screenshot displays the AZENTIO ONEBanking application. On the left is a blue sidebar menu with options: Dashboard, Configurations, Asset Collateral Config, Collateral, Collateral sub type, Collateral type, Business Rules, Corporate Masters, Misc Config, Other Masters, Product Definitions, and Transactions. The main area shows a table titled 'List of Asset/Collateral categories'. The table has columns: Action, Asset/Collateral Category Code, AssetCollateral Category Description, Created By, Status, and Authorization Status. It lists five entries with codes FD10 through FD6, all with 'Fixed' descriptions and 'Active' status, created by 'in00135', and authorized by 'CHECKER'. Below the table, it says 'Showing 1 to 5 of 97 entries' with pagination controls. A search bar and an 'Export' button are at the top right of the table area.

Action	Asset/Collateral Category Code	AssetCollateral Category Description	Created By	Status	Authorization Status
	FD10	Fixed	in00135	Active	CHECKER

The screenshot shows the 'Asset / Collateral categories' detail form in the AZENTIO ONEBanking application. The form has a title bar with a back arrow and a save icon. Below the title is a section 'Asset / Collateral Category Detail'. It contains several fields: 'Description' with the value 'Fixed', 'Asset / Collateral Category Code' which is empty and has a tooltip 'Alphanumeric characters allowed', 'Module' set to 'LM', and 'Status' which is a toggle switch currently turned off. There are also two toggle switches for 'Registration Required' and 'Repossession Allowed', both of which are turned on. A 'Remarks' field is at the bottom, which is currently empty. The sidebar menu is the same as in the previous screenshot.
