(S) To verify system allow user to do a
modification on already approved record

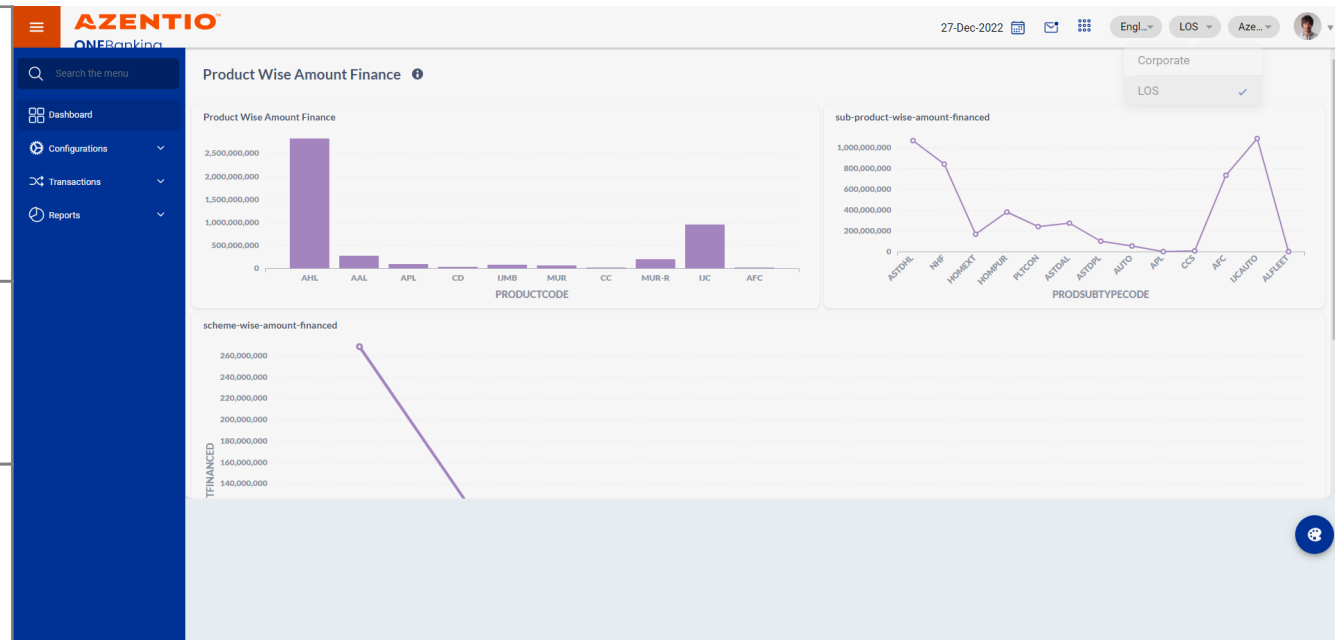

(F) To verify the functionalities of report
master

The screenshot shows the 'Report Master - List View' interface. On the left is a blue sidebar with a search bar and a menu containing 'Dashboard', 'Configurations' (with sub-items: Allocation Master, Allocation Details, Risk Rating Master, Insurance Master, UnderwriterOffsetControl, digitaldocumentmaster, Deposit Account Master, Risk Type Master, Project Master, Notification Master, Report Master), 'Transactions', and 'Reports'. The main area has a top bar with a search filter 'name1' and an 'Export' button. Below is a table with columns: Action, Report Name, Description, Report Type, and Status. It contains two rows for 'name1' with descriptions 'rDesc1' and 'rDesc', both with 'Active' status. At the bottom, it says 'Showing 1 to 2 of 2 entries' with pagination controls.

(Step) AFTER_STEP - stepdefinitions.
HooksClass.addScreenshot(io.cucumber.
java.Scenario)

(S) To verify system allow user to do a
modification on already approved record

(F) To verify the functionalities of report
master

The screenshot shows the 'Report Master' form view. The sidebar is identical to the previous screenshot. The main area has a top bar with 'Report Master' and 'Report Group Master' tabs. Below is a form with fields for 'Report Name' (three instances: 'name1', 'name2', 'name3'), 'Report Description' ('rDesc1'), 'Report Type' ('BIR'), 'Report Category' ('MISR'), and 'Report Uri' ('www.xyz.com'). There is a 'Status' toggle switch. Below the form is a section titled 'Report Parameter Details' with a table. The table has columns: Action, Sequence Number, Description, Parameter Name, Is Mandatory, and Status. It contains five rows of data.

Action	Sequence Number	Description	Parameter Name	Is Mandatory	Status
[Edit]	10	ddd	fff	N	Active
[Edit]	322222	Change	Change	N	In-active
[Edit]	10	@@	bvdy66@@6	Y	Active
[Edit]	1	Cif id	p_in_cifid		Active
[Edit]	1	Cif id	p_in_cifid		Active
