The screenshot displays the Azentio web application interface. The top navigation bar includes the Azentio logo, a hamburger menu, and user information (English, LOS, Azentio Software, and a profile for Puneet dated 01-Sep-2023). The left sidebar lists various configuration options: Asset Collateral Config, Business Rules, Corporate Masters, Misc Config, Other Masters, Product Definitions, Product Setup, Regulatory Product Defini..., Project Setup, Config Manager, and Sample Screens. The main content area is titled 'Product wise Analysis' and contains three panels: 'Product-wise Am', 'Subproduct-wise Amount Financed', and 'Scheme wise Amount Financed'. All three panels show a large circular loading spinner, indicating that the data is not yet loaded. At the bottom left, it says 'Powered by Metabase'. A dark blue circular button with a white icon is located at the bottom right of the main content area.

(S) Product Master - Modify records  
(approve, reject and return) at maker  
stage

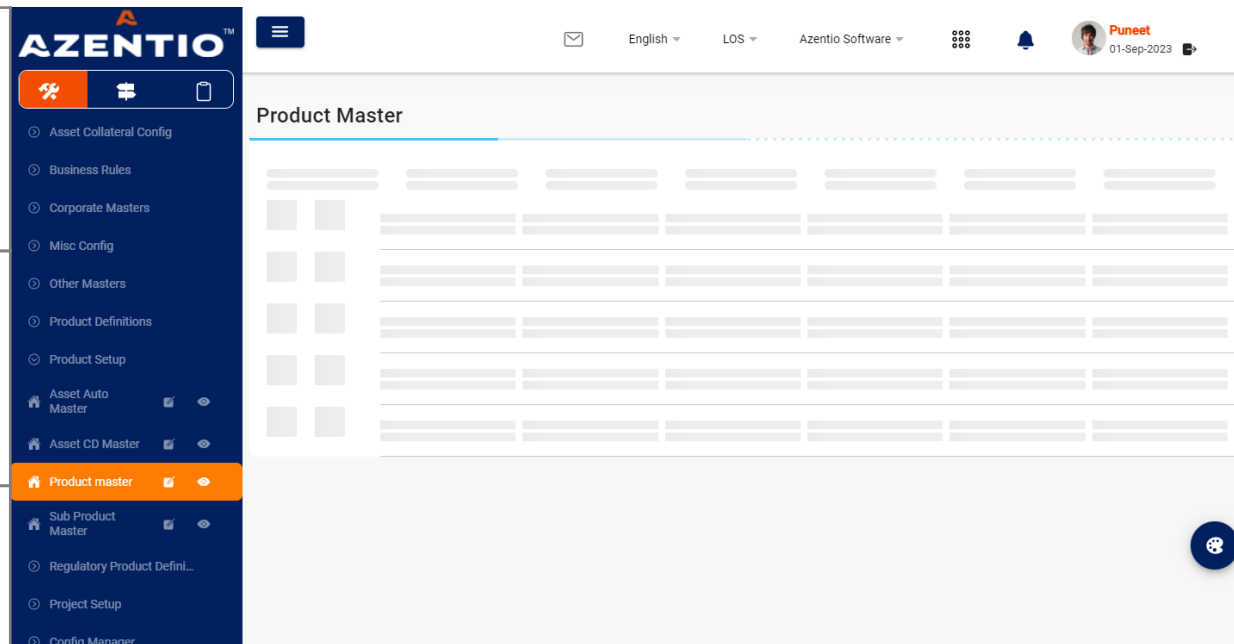

(F) Check the functionality of product  
master

This screenshot shows the same Azentio web application interface as the first one. The top navigation bar and left sidebar are identical. The main content area, titled 'Product wise Analysis', now shows data loaded in the 'Product-wise Amount Financed' and 'Subproduct-wise Amount Financed' panels. Both panels display a large circular loading spinner, suggesting the data is still being processed or is a placeholder. The 'Scheme wise Amount Financed' panel remains empty with a loading spinner. The 'Powered by Metabase' text and the dark blue circular button at the bottom right are also present.

The screenshot displays the Azentio Product Master interface. On the left is a dark blue sidebar with the Azentio logo and a list of navigation items: Asset Collateral Config, Business Rules, Corporate Masters, Misc Config, Other Masters, Product Definitions, Product Setup, Asset Auto Master, Asset CD Master, Product master (highlighted), Sub Product Master, Regulatory Product Defini..., Project Setup, and Config Manager. The main content area shows a table of products with columns: Action, Product Group, Product Code, Product Description, Retail/Corporate, Status, and Authorization Status. The table contains five rows of data, all with 'Active' status. At the bottom, a pagination bar shows 'Showing 11 to 15 of 135 entries' and a page number '3'.

The screenshot displays the Azentio Product Master form for editing a record. The sidebar is identical to the previous screenshot. The main content area shows a form with fields for Product Group (Deposits), Product Code (depo15), Product Description (empty), Retail/Corporate (Retail), DM Code (depo15), and Status (toggle switch). A 'Required field' label is visible next to the Product Description field. The Remarks field contains 'ok'. At the top right, there are 'Submit', 'Cancel', and a help icon. At the bottom, a blue button says 'Please fill all the details'.
