The screenshot displays the AZENTIO ONEBOOKING application interface. On the left is a blue sidebar menu with options: Dashboard, Configurations (Project Master, Notification Master, Report Master, Target Master, Business Division Master, Approval Reviewer Level Matrix, Income Group Definition, Facility Type, NPA Identification, Classification Master, Living Expense), Transactions, and Reports. The main content area is titled 'List of Living Expense Model' and contains a table with the following data:

Action	Description	Rule ID	Effective Date	Status
	Expenses	98303254	2023-08-02	Active
	Expenses	98303254	2023-08-02	Active
	Expenses	98303254	2023-08-02	Active
	Expenses	98303254	2023-08-02	Active
	Expenses	98303254	2023-08-02	Active

At the bottom of the table, it says 'Showing 1 to 5 of 28 entries' with pagination controls. The top right of the application shows the date '16-Nov-2022', language 'Engl...', and other user interface elements.

This screenshot shows the same AZENTIO ONEBOOKING application, but with the 'Living Expense Location' tab selected in the breadcrumb navigation at the top. The breadcrumb path is 'Living Expense Definition > Living Expense Parameter > Living Expense Location'. The sidebar menu is identical to the previous screenshot. The main content area is currently empty, suggesting the data for this specific location is not yet loaded or is being prepared for a screenshot.
