The screenshot displays the AZENTIO ONE Banking application interface. On the left is a blue sidebar menu with options: Dashboard, Configurations (with sub-items: Config Manager, Collateral, Warehouse Master, Collateral sub type, LO Module Waiver, Collateral type, Fee master, Asset Auto Master, Charge master, Asset CD Master, Appropriation master), Transactions, and Reports. The main content area is titled 'Warehouse Master' and features a table with columns: Action, Description, Address, Country, State, City, Zip Code, Phone 1, Fax, E-mail, Contact Person, and Status. The table contains five rows of data, all with a status of 'Active'. At the bottom of the table, it says 'Showing 1 to 5 of 34 entries' with pagination controls. The top right of the application shows user interface elements like language (Engl...), location (LOS), and a user profile icon.

Action	Description	Address	Country	State	City	Zip Code	Phone 1	Fax	E-mail	Contact Person	Status
	Re_Modify_HNKDesc	Re_Modify_HNKAddress	1105415	1105474	1105414	98303324	9876543210	4654321	azentio@gmail.com	MEEE	Active

wareHouse master

(F) check the functionality of the
Warehouse Master

This screenshot shows the same AZENTIO ONE Banking application, but with a slightly different layout. The sidebar menu is identical. The 'Warehouse Master' table is present, showing the same five rows of data. However, the pagination at the bottom of the table now says 'Showing 1 to 5 of 34 entries' with a different set of controls. Additionally, there is a 'Warehouse Master' section at the bottom of the page with a 'Description' field and an 'Address' field, both with red error messages. The top right of the application shows the same user interface elements as the first screenshot.

Action	Description	Address	Country	State	City	Zip Code	Phone 1	Fax	E-mail	Contact Person	Status
