The screenshot displays the AZENTIO ONEBOOKING interface. On the left is a blue sidebar menu with options: Dashboard, Configurations (Project Master, Notification Master, Report Master, Target Master, Business Division Master, Approval Reviewer Level Matrix, Income Group Definition, Facility Type, NPA Identification, Classification Master, Living Expense), Transactions, and Reports. The main area shows a table titled 'List of Living Expense Model' with columns: Action, Description, Rule ID, Effective Date, and Status. The table contains five rows, all with 'Expenses' as the description and '98303254' as the Rule ID. The Effective Date for all rows is '2023-08-02', and the Status is 'Active'. At the bottom right of the table, it says 'Showing 1 to 5 of 28 entries' with pagination controls.

The screenshot shows the AZENTIO ONEBOOKING interface with the 'Living Expense Definition' tab selected in the breadcrumb navigation. The sidebar menu is identical to the previous screenshot. The main area is currently empty, showing only the breadcrumb trail: 'Living Expense Definition' > 'Living Expense Parameter' > 'Living Expense Location'.
