The screenshot displays the AZENTIO ONEBOOKING application interface. On the left is a blue sidebar menu with a search bar and various configuration and transaction options. The main content area shows a breadcrumb trail at the top: 'Living Expense Definition' > 'Living Expense Parameter' > 'Living Expense Location'. Below this, there is a large empty space, likely intended for a table or list of records. The top right of the interface includes a header with the date '17-Nov-2022', language 'Engl...', and other user-related icons.

This screenshot shows the same AZENTIO ONEBOOKING application interface, but now displaying a table titled 'Living Expense Location List'. The breadcrumb trail remains the same. The table area is currently empty, with a search bar and an 'Export' button visible on the right side of the table header. The sidebar and top header are consistent with the previous screenshot.
