The screenshot displays the AZENTIO ONEBOOKING application interface. On the left is a blue sidebar menu with options: Dashboard, Configurations (Project Master, Notification Master, Report Master, Target Master, Business Division Master, Approval Reviewer Level Matrix, Income Group Definition, Facility Type, NPA Identification, Classification Master, Living Expense), Transactions, and Reports. The main content area is titled 'List of Living Expense Model' and contains a table with the following columns: Action, Description, Rule ID, Effective Date, and Status. The table lists five entries, all with the description 'Expenses', Rule ID '98303254', Effective Date '2023-08-02', and Status 'Active'. At the bottom right of the table, it says 'Showing 1 to 5 of 28 entries' with pagination controls. The top right of the application shows the date '16-Nov-2022', language 'Engl...', and other settings.

The screenshot displays the AZENTIO ONEBOOKING application interface, specifically the 'Living Expense Parameter List' section. The top navigation bar includes 'Living Expense Definition', 'Living Expense Parameter' (which is active), and 'Living Expense Location'. The main content area shows a table with multiple rows and columns, but the data is mostly obscured by greyed-out placeholder boxes. The bottom of the application shows the same top navigation bar and a date '16-Nov-2022'.
