The screenshot displays the AZENTIO ONEBanking application. On the left is a blue sidebar menu with options: Dashboard, Configurations, Asset Collateral Config, Collateral, Collateral sub type, Collateral type, Business Rules, Corporate Masters, Misc Config, Other Masters, Product Definitions, and Transactions. The main area shows a table titled 'List of Asset/Collateral categories'. The table has columns: Action, Asset/Collateral Category Code, AssetCollateral Category Description, Created By, and Status. Five rows are visible, all with 'FixedDepo' as the description and 'in00135' as the created by. The status for all is 'Active'. A search bar at the top right contains 'FD31' and an 'Export' button. At the bottom, it says 'Showing 1 to 5 of 72 entries' with pagination controls.

The screenshot shows the 'Asset / Collateral categories' detail form in the AZENTIO ONEBanking application. The sidebar menu is the same as in the previous screenshot. The form has a title 'Asset / Collateral Category Detail'. It contains several fields: 'Description' with the value 'FixedDepo', 'Asset / Collateral Category Code' with the value 'FD31', 'Module' with a dropdown showing 'LM', and 'Status' with a toggle switch. There are also two toggle switches for 'Registration Required' and 'Repossession Allowed', both of which are turned on. A 'Remarks' field contains the text 'OK'. A back arrow is in the top left, and a save icon is in the top right.
