Document Details screen

The screenshot shows the AZENTIO ONEBanking application interface. The top navigation bar includes the AZENTIO logo, a search bar, and user profile information. The left sidebar contains a menu with options: Dashboard, Configurations, Transactions, and Reports. The main content area displays the 'Document Details' screen. At the top, there are filters for APPLICATION ID, APPLICANT NAME, and CUSTOMER ID. Below these are tabs for navigation: Prev, Customer Info, Customer Financials, Facility Info, Document Details (active), Offering, Repayment Schedule, Policy C, and Next. The 'Document Details' section features a table with the following columns: Action, No., Document Name, Required At Stage, Document Status, Mandatory/Optional, Document Category, and DMS Upload Status. The table contains two entries:

Action	No.	Document Name	Required At Stage	Document Status	Mandatory/Optional	Document Category	DMS Upload Status
	190	2	DATACHK	R	N	1	N
	189	1	DATACHK		N	1	Y

Below the table, it shows 'Showing 1 to 2 of 2 entries' and a pagination control with a dropdown set to 5. A blue circular button with a camera icon is visible in the bottom right corner.

(F) Check the functionality of Customer
Document Details screen

This screenshot shows the same AZENTIO ONEBanking application interface as the previous one, but the 'Document Details' table is empty. The navigation and filter elements are identical. The table headers are the same, but there are no data rows. The pagination control at the bottom shows 'Showing 0 to 0 of 0 entries'. The blue circular button with a camera icon remains in the bottom right corner.
