(F) Product Master Retail Functionality

The screenshot shows the Azentio Product Master interface. On the left is a dark blue sidebar with the Azentio logo and a list of navigation items: Asset Collateral Config, Business Rules, Corporate Masters, Misc Config, Other Masters, Product Definitions, Product Setup, Asset Auto Master, Asset CD Master, Product master (highlighted), Sub Product Master, Regulatory Product Defini..., Project Setup, and Config Manager. The main content area has a top header with a hamburger menu, language (English), LOS, Azentio Software, and user profile (Puneet, 01-Sep-2023). Below the header is a 'Product Master' section with a search bar and an 'Export' button. A table lists product entries with columns: Action, Product Group, Product Code, Product Description, Retail/Corporate, and Status. The table contains five rows of data, all with 'Active' status. At the bottom, a pagination bar shows 'Showing 1 to 5 of 105 entries' and a page selector with '1' highlighted.

(F) Product Master Retail Functionality

The screenshot shows the Azentio Product Master form view. The sidebar is identical to the previous screenshot. The main content area has a top header with the same navigation and user profile. Below the header is a 'Product Master' section with a back button and a red notification icon. The form contains several fields: 'Product Group' (a dropdown menu currently showing 'Lending'), 'Product Code' (a text input field), 'Product Description' (a dropdown menu with a 'Select' button, currently showing 'Deposits'), 'Retail/Corporate' (a dropdown menu with a 'Select' button), and 'Remarks' (a large text area). A 'Save' button is visible at the bottom right of the form.
